I-0048-001 | This is my favorite option. A six-lane bridge with the Pacific Street Interchange.

I-0048-002 | As someone who lives on 108th Avenue NE between 12th and 14th, my only concern here is trying to limit cut-through traffic to 520. This should be a 25 mph residential street, but during commute times I can't even back out of my driveway. I'm not sure what the solution for this is, but I would like to see better signage on 104th and 112th leading to 520/405. As these should be the preferred streets for commuters to get to 520 going north from downtown Bellevue.

I-0048-001
