I-0296-001 | I believe we must have HOV through the eastside to encourage bussing and carpooling with either four or six lanes. Bike lanes are great when possible. I am against tolling for this bridge when other bridges and commuting routes are not tolled. I think tolls should be used on routes where there is an easy option. Either north around the lake or south to I-90 are terrible options for me. Thanks for having this hearing.
