I-0299-001 The Pacific Street Interchange provides the only traffic solution offered in the replacement of SR 520. The alternative is supported by Montlake residents because it provides mitigation of many issues around movement of traffic in the neighborhood, preservation of the Montlake Bridge (cut) and the possible return of a ground ~~interchange~~ Montlake Blvd. Other solutions offer only put pressure on the need for further expansion to address traffic flow. The Pacific Street Exchange offers an integrated approach to regional transportation need - ~~but a transportation~~ hub.
