I-0368-001

My name is Carol Wilkenson, and I want to voice my support for the Pacific interchange plan. I support it because I like the fact that it links up with the light rail station at the Sound Transit station at the University of Washington; and that it will reduce traffic on Montlake Boulevard and finally allow buses to actually travel on Montlake Boulevard, which they haven't been able to do.

I also like the fact that the Pacific interchange plan will actually create park land by means of a lid that connects Portage Bay to Union Bay. So I think it's a great plan. I think it's a great plan for the region.

I work at the University, and I would really like to see this plan put in place. Thank you.
