I-0418-001

As long as there is no increase in traffic through the Arboretum (LA Wash Blvd) I am reluctantly in favor of the 6 lane option with the Pacific interchange. At least the six lane design can accommodate future light rail. My reluctance comes from the increased footprint in the Arboretum. I would prefer to have no entrance from or exit into the arboretum. Also, tolls by vehicles other than mass transit are key to my support.
