I would like
to add my voice
in support of the
PACIFIC INTERCHANGE
option for the
520 Project.
This is the
only option that
improves transit between
the corridor Seattle,
relieves traffic
bottlenecks &
improves the
integrity and
character of our
neighborhood.
It is the
only option
that works for
Montlake and the
region. Please
add your support
for this option.
Thank you
Beverly Zuercher
Montlake Resident
