

SR 520 Bridge Replacement and HOV Program

I-5 to Medina: Bridge Replacement and HOV Project

Supplemental Draft EIS Environmental Hearing Comment Form – Feb. 23, 2010

Welcome to the environmental hearing for the SR 520, I-5 to Medina: Bridge Replacement and HOV Project Supplemental Draft Environmental Impact Statement (EIS). Please use this form to share your comments on the content provided in the Supplemental Draft EIS document. WSDOT will consider all comments received between Jan. 22 and April 15, 2010 in making its final decision in the environmental review process. Thank you for your comments.

You can provide comments through one of the following methods:

- **Complete this form** and place it in one of the comment boxes during the meeting. Please write clearly.
- **Mail** your comments to Jenifer Young, SR 520, I-5 to Medina Environmental Manager, Washington State Department of Transportation, 600 Stewart Street, Suite 520, Seattle, WA 98101.
- **E-mail** your comments to SR520Bridge_SDEIS@wsdot.wa.gov.
- **Visit the Web page** at www.wsdot.wa.gov/projects/SR520Bridge.

These comments will become part of the public record for the SR 520, I-5 to Medina: Bridge Replacement and HOV Project Supplemental Draft Environmental Impact Statement. Personal information is voluntary and will become part of the public record if provided. The Washington State Department of Transportation is a public agency and is subject to the State of Washington's Public Records Act (RCW 42.56). Therefore, meeting comments may be made available to anyone requesting them for non-commercial purposes.

Do you have any comments on the Bridge Replacement and HOV Project Supplemental Draft Environmental Impact Statement?

Like Plan "K". Let's get this one right! A tunnel under stadium parking works nice! Don't mess with Husky stadium. Maybe you could mitigate any effect on Husky

I-066-001

Comment noted. WSDOT received a number of comments in support of and in opposition to Options A, K, and L and the associated suboptions. These opinions are summarized in the Supplemental Draft Environmental Impact Statement Summary of Comments (WSDOT, April 2010), available at <http://www.wsdot.wa.gov/Projects/SR520Bridge/SDEIS.htm>.

Since publication of the SDEIS, WSDOT has identified a Preferred Alternative, which is similar to Option A but with a number of design refinements that would improve mobility and safety while reducing negative effects. Chapter 2 of the Final EIS describes the Preferred Alternative and Chapters 5 and 6 describe its environmental effects.

stadium by building closer
in toward the Mountlake
residences... can you
take over the whole
community and level
the homes? Relocate the
residence to the "Interbay"
community between Queen Anne
and Magnolia! That's
the ticket! I (seriously) do
like the option "K" and hope
the State finds the Federal
and local money as well
as political will to move
forward!
