

SR 520, I-5 to Medina: Supplemental Draft EIS Comment Form

Please use this form to share your comments on the content provided in the Supplemental Draft Environmental Impact Statement document. WSDOT will consider all comments received between Jan. 22 and April 15, 2010 in making its final decision in the environmental review process. Thank you for your comments.

You can provide comments using one of the following methods:

- Complete this form.
- Mail your comments to Jenifer Young, SDEIS Environmental Manager, Washington State Department of Transportation, 600 Stewart Street, Suite 520, Seattle, WA 98101.
- E-mail your comments to SR520Bridge_SDEIS@wsdot.wa.gov.
- Speak to a court reporter at an environmental hearing scheduled for 5 – 7 p.m., Feb. 23, at Lake Union Park Naval Reserve Building, 860 Terry Ave. N., Seattle.

7. Do you have any comments on the SR 520, I-5 to Medina: Bridge Replacement and HOV Project Supplemental Draft Environmental Impact Statement?

I-118-001

I would rate the options in order of preference: L, K, A. I think that the addition of a more direct route to UW is a great benefit. I think option L is the best combination of features and cost. Option K is great if funding can be found. Option A is okay, but the new parallel Montlake bridge will detract from the existing bridge.

These comments will become part of the public record for the SR 520, I-5 to Medina: Bridge Replacement and HOV Project Supplemental Draft Environmental Impact Statement. Personal information is voluntary and will become part of the public record if provided. The Washington State Department of Transportation is a public agency and is subject to the State of Washington's Public Records Act (RCW 42.56). Therefore, comments may be made available to anyone requesting them for non-commercial purposes.

I-118-001

Comment noted. WSDOT received a number of comments in support of and in opposition to Options A, K, and L and the associated suboptions. These opinions are summarized in the Supplemental Draft Environmental Impact Statement Summary of Comments (WSDOT, April 2010), available at <http://www.wsdot.wa.gov/Projects/SR520Bridge/SDEIS.htm>.

Since publication of the SDEIS, WSDOT has identified a Preferred Alternative, which is similar to Option A but with a number of design refinements that would improve mobility and safety while reducing negative effects. Chapter 2 of the Final EIS describes the Preferred Alternative and Chapters 5 and 6 describe its environmental effects.
