Hello Megan,

The Confederated Tribes of the Grand Ronde Community of Oregon has reviewed the Draft EA for the Columbia River Crossing and has no official comments to make at this time. The Tribe plans on continuing to consult in regards to the project and has a keen interest in future plans for the project. If the project team has any questions please feel free to contact either Michael Karnosh the Ceded Lands Coordinator or myself. Again the Tribe greatly appreciates the opportunity to comment on this project and looks forward to working on this project in the near future.
