P-1129-001

Multiple methods have been used to engage the public so as to address the needs of a wide variety of people and the project decision-making process. Public feedback has helped guide the outreach effort. Examples include workshops with facilitated small-group discussions, open houses where participants can talk one-on-one with staff, public hearings, presentations and discussion at community and neighborhood-sponsored meetings, often at the group's request, and advisory group meetings where CRC seeks recommendations from a citizen committee. These events and meetings have taken place at a variety of locations, days of the week and times of the day to meet the needs of the entire community. For more information on the project's public outreach, please see Appendix B of the FEIS.
