Comment or Question:

P-1152-001 | If this option is selected, please make sure that the bike/ped area is separated from the light rail area by a nice solid barrier.

P-1152-001

Since the publication of the DEIS in May 2008, and the selection of the LPA in July 2008, the CRC project team has continued to work with the Pedestrian and Bicycle Advisory Committee and project partners to refine route and facility design. The updated design, as described in Chapter 2 (Section 2.2) of the FEIS, is the outcome of a long collaboration process. As noted in your comment, the bicycle and pedestrian pathway will be well separated from the LRT facilities.
